

# DREAM<sup>©</sup> OUT LOUD

“ My musical education includes a teacher who was so nurturing and full of joy about his students’ successes. He had a real love for music making.

This, in turn, inspired me to

**work very hard**

and have such high standards.

What I learned most was an attitude:

**slow and steady**

really can win the race. Achievement and accomplishment built bit by bit.”

BE INSPIRED  
AND FOCUS.

The Chicago Symphony Orchestra and Yamaha support every student’s decision to play an instrument and have a lifelong involvement in music.
